PROFILE

Computer Science graduate with experience in modern web development using React, Next.js, and JavaScript. Skilled in building scalable and responsive web applications with a strong foundation in software development and problem solving.

PROFESSIONAL EXPERIENCE

GyanHub

Administration & IT Officer

Jan 2025 - Present

Remote

- Managed administrative tasks and maintained digital records for smooth daily operations.
- Provided IT support, handled basic technical troubleshooting, and assisted with system maintenance.
- Coordinated with remote team members and supported online platform management.

Web Studio Nepal

React Developer Intern

Sep 2024 - Nov 2024

Kathmandu

- Developed two projects: a Showroom System (React, Redux, Material UI) and an Office Website (Next.js, Tailwind CSS).
- Focused on building responsive, high-performance interfaces with clean state management.
- Collaborated with the team to deliver scalable and maintainable frontend solutions.

SoftLab Inc

Frontend Developer Intern

Mar 2024 - Jun 2024

Kathmandu

- Built a Routine Management System frontend using HTML, CSS, Bootstrap, and JavaScript.
- Designed and implemented interactive, responsive UI components for scheduling workflows.
- Collaborated with staff and developers to align the interface with academic requirements.

PROJECTS

AI Powered Blog Platform

React, Node.js, Express, MongoDB, Gemini API, Tailwind CSS

- Developed a fullstack blogging platform with AI-generated blog titles, outlines, and paragraphs
- Implemented secure authentication using JWT and protected routes.
- Built full CRUD operations and responsive UI using Tailwind CSS
- Designed REST APIs using Node.js and Express.

SkillXHub ELearning Platform (Final Year Project)

HTML, CSS, JavaScript, PHP, MySQL, AJAX

- Built a responsive e-learning platform with user authentication and course management.
- Implemented AJAX for real-time interactions and smoother user experience.
- Developed an admin dashboard to manage courses, users, and content.
- Optimized MySQL queries for efficient data storage and retrieval.

Hobart Premium Cleaning Website - Freelance Project

Next.js, React, Tailwind CSS, Vercel, JavaScript, HTML, CSS

- Built a responsive and SEO-friendly website using Next.js, React, and Tailwind CSS.
- Developed dynamic service listings, gallery showcase, and contact form with validation.
- Implemented interactive UI elements for better user engagement and smooth navigation.
- Deployed on Vercel with optimized performance and cross-browser compatibility.
